

## RECENT PUBLICATIONS

This list acknowledges recent works (except offprints of single articles) that appear to bear on the scientific study of language. The receipt of individual books cannot be separately acknowledged and no book can be returned to the publisher. Note especially that by accepting a book the Editor implies no promise that it will be reviewed in this journal.

- Ball, Derek, and Brian Rabern (eds.) 2018. *The science of meaning: Essays on the metatheory of natural language semantics*. Oxford: Oxford University Press. Pp. vii, 413.
