Conversations with Student and Faculty Scholars of Color on Success in Navigating and Thriving in the Academy

River Room, 12:30 – 2:00 PM

Organizer: Fabiola Henri (University of Kentucky)

The Committee on Ethnic Diversity in Linguistics (CEDL) will host its 3rd Scholars of Color Mentoring Roundtables event to discuss topics related to advancing the research and professional development of Linguists of Color in higher education. As research and blog posts have shown, academia can be a

hostile, unwelcoming environment for scholars of color. With inadequate numbers of role models and mentors of color at all ranks, successfully navigating degree programs, tenure, and promotion can be very daunting and lonely. This LSA CEDL event will provide a space for student and faculty scholars of color to connect and engage in candid conversations on issues relevant to their success in navigating and thriving in the academy.

This year's roundtable topics will include: Addressing Micro-Aggressions, Navigating the Tenure-track Race, Considering Administration and Leadership, Politics of Critique and Mold-breaking, Public Scholarship at the Graduate Level, Navigating the Peer Review Process in Publishing Journal Articles and Books, Coping Strategies for Challenging Situations, and more.

Signing Black in America is the first documentary to highlight the development

and the status of Black American Sign Language (ASL). Based on extensive interviews with Black signers, linguistic experts, interpreters, natural conversations, and artistic performances by Black ASL users, it documents the development and description of this unique ethnic variety of ASL. Many of the same conditions that gave rise to the development of spoken African American language affected the trajectory of Black ASL—residential, educational, and social segregation along with the internal development of an autonomous cultural community indexing black identity. At the same time, deaf African Americans had contact with the spoken African American language community, borrowing sign language analogs of unique spoken-language African American expressions.

Following the presentation of the documentary, a panel discussion of the film will include co-producers Joseph Hill, Ceil Lucas, Carolyn McGaskill, and Danica Cullinan, along with executive producer Walt Wolfram
