New - Richard T. Oehrle Memorial Fund

- Established in memory of Richard T. Oehrle, the endowment will fund 'The Richard T. Oehrle Memorial Lecture' annually at the European Summer School in Language, Logic and Information (ESSLLI). ESSLLI, now in its 30th year, is the flagship event of the Association for Logic, Language and Information (FoLLI). ESSLLI is a particularly appropriate venue to honor Oehrle's memory since its intellectual mix was his natural milieu. Oehrle was a regular participant in ESSLLI from its very early days (Leuven, 1990), serving as lecturer and workshop organizer and contributor. The proceeds from the endowment's principle will underwrite the travel and lodging costs of the chosen speaker. The individual will be a member of the linguistic community writ large (i.e. affiliated with academia or industry or working independently) working at the intersection of language and logic. In addition, the individual must be characterized by intellectual generosity and breadth. The fundraising goal for the endowment is \$75,000. The endowment has been seeded by generous donations from Oehrle's family and close friends for an initial total of \$18,500. The LSA's goal is to raise the remainder within 18 months of the endowment's establishment in March, 2018.

Yuki Kuroda Student Fellowship Fund

- Established in honor of LSA member and pre-eminent scholar of Japanese linguistics, Yuki Kuroda, this new student fellowship will be reserved for linguistics students from Japan to attend the LSA's biennial summer Linguistic Institute. It will cover tuition, travel, lodging, and board. Preference will be given to Japanese who haven't yet started studying in the US.

It also supports efforts by existing staff and paid consultants to promote linguistics research in media outlets that reach a wide audience.

Ken Hale Student Fellowship Fund
