April “Meet the Author” Webinar: Lacey Wade
Join us Friday, April 8 at 12 p.m. Eastern for our next “Meet the Author” webinar with Lacey Wade. Dr. Wade will present her recent article published in *Language* entitled, “Experimental evidence for expectation-driven linguistic convergence.” In her article published in the March 2022 issue of *Language*, Dr. Lacey Wade examines the role of sociolinguistic expectations in linguistic convergence, using glide-weakened /ai/—a salient feature of Southern US English—as a test case.

**Call for Executive Committee Nominations**
The Nominating Committee of the LSA is soliciting nominations for the Vice President/President-Elect and members at-large of the Executive Committee (EC), including self-nominations. We ask nominators to provide a brief statement (ca. 150-200 words) that explains why the nominee is an appropriate candidate. Members of under-represented groups are strongly encouraged to self-nominate.

Members of the Executive Committee serve a term of three years. The Committee meets at least twice a year: once in May, and once in January immediately prior to the annual LSA meeting. Virtual meetings may be held at various times in-between as business warrants. Attendance at these meetings is mandatory. EC members receive some reimbursement for travel and accommodations.

The Executive Committee serves as the governing Board of the LSA. As such, it provides oversight and governance and ensures effective implementation of the LSA's Strategic Plan.

Prospective nominators and nominees should also consult the more detailed description of the responsibilities of the Vice President/President Elect and of the Executive Committee.

Please send your nominations and supporting statement to Patricia Cukor-Avila (patricia.cukor-avila@unt.edu) no later than April 18, 2022. We particularly welcome nominations of individuals from groups that have been historically underrepresented in LSA governance.

**New Episode of Subtitle: The Language of the Outside People**

In this episode, we tell the inspiring, heartbreaking story of Radio Haiti. For several decades, the station broadcast not just in French, spoken by Haiti's elite, but also in Kreyòl, spoken by rich and poor alike. The Kreyòl-language programs communicated directly with the rural poor—the 'outside people'—popularizing issues of inequity and corruption. Helping us tell Radio Haiti's story are Michèle Montas, widow of the station's assassinated owner Jean Dominique, and archivist Laura Wagner.
