Staff Changes at Secretariat

The LSA welcomes David Robinson to the newly-created position of Director of Membership and Meetings. David joins Katha Kissman, Interim Executive Director, and Rita Lewis, Executive Assistant at the Secretariat.

David comes to us after nearly twenty years at Georgetown University, where he worked initially as the administrator of Georgetown’s large linguistics department. More recently, he was a full-time assistant to University Professor Deborah Tannen. He is also well acquainted with the field itself, with both undergraduate (B.A. Indiana University) and graduate (M.A. Indiana University, ABD Georgetown) study to his credit. A longtime Washington, DC resident, David enjoys bicycling, cooking, and choral singing. The position of Director of Membership and Meetings will support regular, student and institutional memberships as well as the LSA’s Annual Meetings, Summer Meetings and Linguistic Institutes.

The Committee on Committees and Delegate Appointments is now in the process of accepting nominations for LSA committee service. For a list of LSA Committees, please visit the following webpage: www.lsadc.org/info/lsa-comm.cfm

Anyone selected to serve on an LSA Committee must be a member in good standing. Nominations may be self or other. To be considered, all nominations must include the nominee’s name, complete contact information, the committee for which he/she is being nominated, and a brief statement regarding why the nominee would make a good candidate for that committee. If the nomination is other rather than self, it is highly advisable to consult with the nominee to ascertain the willingness to serve prior to putting his/her credentials forward and indicate that this has been done in the nomination.

The deadline for committee nominees is Tuesday, April 15, 2008.

Please note that nomination does not constitute appointment. The Committee on Committees and Delegate Appointments will review and recommend to the Executive Committee candidates for the available slots on each committee. Committee members normally serve for three-year terms beginning January 2009; for select committees, the term is shorter. Most committees conduct the bulk of their work via email and telephone with an in-person meeting at the Annual Meeting. Also note that it is the Executive Committee’s expectation that members who accept committee appointments and who end up neither contributing nor participating in committee activities will be asked to resign.

Please forward committee nominations by email to David Robinson, Director of Membership and Meetings, at drobinson@lsadc.org.

Member submissions. The Secretariat welcomes member submissions. Submissions may include but are not limited to: upcoming conferences; grant, fellowship and award opportunities; news items of interest to linguists; news items about LSA members; and death notices. Submission of an item does not guarantee its publication in the Bulletin. Submissions should be addressed to David Robinson, editor of the Bulletin, at drobinson@lsadc.org.
Highlights of the January 2008 Executive Committee Meeting

The Officers and Executive Committee met on Thursday, January 3rd, at the Hilton Chicago at 8:00 a.m. and continued until 6:00 p.m. Those attending were Executive Committee members Steve Anderson (President), Jennifer Cole, Michael Frank (Bloch Fellow), Diane Lillo-Martin, Monica Macaulay, Sally McConnell-Ginet (Past President), Johanna Nichols, Dennis Preston, Gregory Ward (Secretary-Treasurer), and Thomas Wasow. Also present were LSA Executive Director Felix Oliver and invited guests Paul Chapin (Incoming Secretary-Treasurer), Donna Christian (Center for Applied Linguistics and member of the Audit Committee), Brian Joseph (Editor, Language), Cornelius Puschmann (Representative, eLanguage), Katha Kissman (Previous Interim Executive Director & Consultant), and Cathy O'Connor and Chris Kennedy (Co-Chairs, Program Committee). Dieter Stein, (Editor-in-Chief, eLanguage) arrived late but was present for part of the meeting.

A. Motions of Approval

The minutes of the May 2007 Executive Committee meeting and the proposed agenda were approved as presented with a note to correct the spelling of Keren Rice’s name.

B. President's Business

The Executive Committee approved a motion to extend deep thanks to Stanford University, Peter Sells and his committee for the outstanding 2007 Institute.

C. Secretary-Treasurer's Business

The Committee verified the ballots taken by mail since the May 2007 meeting. A graph was provided that showed the membership data trends from 1994 to present. Memberships declined by 20% from 4,619 in 1994 to 3,709 in 2004. In 2004, this membership decline began to reverse back up to a current membership of 4,433 at the end of 2007. It was noted that this trend reversal corresponds to the time when LSA instituted the organizational website and other technology aspects in order to better serve the members. This also likely contributed to the fact that students (both U.S. and non-U.S.) memberships are at an all-time high (1,797 total). Regular memberships, however, continue to trend down (total 2,109).

The election returns for terms beginning in 2008 were Sarah Thomason as Vice President/President-Elect, Paul Chapin as Secretary-Treasurer, Brian Joseph as Editor of Language, and Alice Harris and Catherine Ringen to the Executive Committee.

The Executive Committee reviewed the Finance Committee’s recommendation not to reappointment an investment advisor at this time noting that instead the incoming Secretary-Treasurer will review the situation and will make a recommendation at the Spring Executive Committee meeting as to whether such a position is necessary and, if so, who might fill it. It was noted that Terence ("Terry") Langendoen’s term expires as of this meeting and he should be thanked for his service.
The Committee approved an increase in the charge for Linguistic Institute transcripts, recommended by the Finance Committee, from $7.00 to $8.00.

The Committee approved the conferral of the Linguistic Service Award to Cathy O’Connor, due to the exceptional service she provided to the Linguistic Society of America as Program Co-Chair, and especially in light of the staffing and transition challenges at the Secretariat.

D. Meetings

Peter Sells’ report from the Stanford 2007 Linguistic Institute was received with thanks. Preparations are under way for the 2009 Institute in at the University of California at Berkeley. Sites are under development for the 2011 and 2013 Institutes.

The Annual Meeting will be held in Portland, Oregon in 2009 and Baltimore, Maryland in 2010. Hotel bids will be solicited early in 2008 for the 2011 Annual Meeting, and sites for the 2012 meeting will be discussed at the May 2009 Executive Committee meeting.

Beth Hume provided a written report on the 2008 Summer Meeting at The Ohio State University for Executive Committee review prior to the meeting. No sites are currently under development for the 2010 Summer Meeting.

E. Committee and Delegate Reports

The nominations by the Committee on Honorary Members of Professor Alexandra Yurievna Aikhenvald and Paul Jen-kuei Li were accepted with thanks, and their honorary membership was approved. Reports from the chairs of the Ad Hoc Committee on Advertising Issues, the Audit Committee, the Committee on Membership Services and Information Technology, the Technology Advisory Committee, and the Program Committee were accepted with thanks.

F. Publications

During the meeting, Cornelius Puschmann provided a PowerPoint overview of the work done to date and future plans for eLanguage.

- A brief address by President Steve Anderson acknowledging the special contributions from staff and membership during the past year of transition;

- Proposed changes to the LSA by-laws, specifically those governing the appointment and review of the Executive Director; the right of individual LSA members to attend all committee meetings of the Society (although without the right to speak or vote); the process for removing inactive members from LSA committees; and the right of the Editor of *Language* to participate (without vote) in Executive Committee meetings;

- The reading of a list of members whose passing was noted in 2007;

- A report from the Program Committee detailing the submission and review procedures for abstracts for the 2008 Annual Meeting;

- Reports from the editors of *Language* and *eLanguage*;

- The recognition of Honorary Members (Professors Alexandra Aikhenvald and Paul Jen-kuei Li), with citations from the Committee on Honorary Members read by the President;

- Presentation of the Leonard Bloomfield Book Award, the Linguistic Service Award, and the 2008 LSA Fellows;

- Reports on NSF activities; on the Endangered Language Fund; and on the 2008 Summer Meeting;

- Reading of a resolution honoring staff and membership during the past year, in particular those instrumental in the organization of the 2007 Linguistic Institute and the 2008 Annual Meeting;

- Announcement of 2008 Election results and recognition of new and retiring officers, including a special citation for outgoing Secretary-Treasurer Gregory Ward prepared by his colleagues on the Executive Committee.

Highlights of the Program Committee Report

The December 11, 2007 report of the Program Committee was presented at the January 3, 2008 Executive Committee meeting. It was reported that:

- A total of 542 abstracts were submitted for the Annual Meeting, the largest number on record. These included 284 “20-minute” submissions, 242 “20-minute or poster” submissions, and 16 “poster” submissions;

- A total of 300 abstracts were accepted for the meeting, for an overall acceptance rate of 55.3%, the lowest in four years. These included 222 abstracts selected as papers and 78 selected as posters;

- Abstracts were evaluated by members of the Program Committee and by a panel of 58 outside experts from various subfields;

- Six preliminary proposals for organized sessions were submitted in April of 2008. The Program Committee recommended revisions for 5 and rejected 1. Seven final proposals were submitted by the August 1 deadline (5 resubmissions and 2 new submissions) and all 7 were accepted;

- The 2008 Annual Meeting was the first for which the abstract submission deadline was moved from September 1 to August 1. The earlier deadline does not appear to have caused significant problems for authors;

- The Program Committee would continue working to optimize the online submission and review of abstracts, would continue to increase its list of potential external abstract reviewers, and would work to clarify the LSA’s official position on the submission of short abstracts and automatic paper withdrawals.

For the full Program Committee report, including a chart showing poster and paper submission and acceptance figures from 2001-2008, please go to [www.lsadc.org/info/currentbull/08AMPCreport.pdf](http://www.lsadc.org/info/currentbull/08AMPCreport.pdf).
Report on the 2007 Linguistic Institute

The 2007 Linguistic Institute, which took place from July 1-27, was hosted by the Department of Linguistics, Stanford University. Its theme was "Empirical Foundations for Theories of Language", reflecting a focus on emergent directions for linguistic research. Courses and activities were chosen to inspire the broadening and clarification of the empirical basis of linguistic study, alongside the development or refinement of theoretical models. The Institute had around 440 students, 80 affiliates, and 100 faculty (many courses had 2 or more instructors). The named professors were: Collitz, Asko Parpola (University of Helsinki); Hale, Marianne Mithun (University of California, Santa Barbara); and Sapir, Joan Bresnan (Stanford University). The director was Peter Sells (Stanford University; now SOAS); the associate directors were Juliette Blevins (MPI-EVA) and Eve V. Clark, Dan Jurafsky, Beth Levin and Ivan A. Sag (Stanford University).

The Institute featured two curricular innovations. First, in addition to 74 regular session courses, each meeting seven times in the period July 5-27, there were 18 "presession" courses, meeting three times July 1-3. The presession courses were designed either to provide specific skills required for regular Institute classes or to provide gentle introductions intended to widen horizons. Second, a large part of the slate of regular session courses were chosen following a call for proposals, which then went through a review and revision process, with the remainder taught by invited or on-site instructors. Both these facets of the Institute were very positively received.

The Institute hosted three Institute lectures given by the named professors, and three Forum lectures. The Forum lecturers were: William Labov (University of Pennsylvania); Elissa Newport (University of Rochester); Harald Baayen (MPI-Nijmegen). In addition, there were about fifteen workshops and conferences running during the Institute, mainly on weekends and during non-class Wednesdays. Finally, there were several well-attended social events, including an Institute-wide barbecue on the Fourth of July and two weekend parties.

Overall, the Institute seems to have been very successful, with a high level of satisfaction from students, affiliates and faculty.

The nonprofit website LINGUISTIC ENTERPRISES (www.lsadc.org/info/lingent/index.htm) is available to help academically trained linguists find private sector employment. It offers down-to-earth advice, how-to information, and an opportunity to discuss prospects and problems with others who have found work or are seeking it. The site is maintained by the Linguistics Department at the University of California-Berkeley, in conjunction with the Linguistic Society of America.

Note: As far as the Linguistic Society can determine, the US Department of Labor (DoL) does not recognize job announcements that appear only on a website meeting the following the standard set by DoL in 20 CFR 656.21(a)(1)(iii)(B) which has the following requirement: “A copy of at least one advertisement for the job opportunity placed in a national professional journal, giving the name and the date(s) of publication; and which states the job title, duties, and requirements.” Running a job announcement online does not take the place of running a job announcement in a hard-copy print publication. As a result, individuals who apply for US permanent residency based on employment obtained through a job announcement that appeared only online might not be able to apply for a labor certification under “special handling rules.”
